Devin Short

Doctoral Candidate / Department of History
University of Washington, 318 Smith Box 353560, Seattle, WA 98195
shortda@uw.edu / https://history.washington.edu/people/devin-short

EDUCATION

Ph.D., History / University of Washington / 2023 (projected)
ABD December 2020
Dissertation: *Leaving the Realm of Little Science: Climate Change and Computer Modeling in the United States*
Advisor: Bruce Hevly
Exam Fields / Advisors:
History of Physics / Bruce Hevly
Twentieth Century United States / Margaret O'Mara
Philosophy of Physics / Benjamin Feintzeig
History of Medicine in the Global South / Adam Warren
Graduate Certificate in Climate Science / University of Washington / 2023 (projected)
M.A., History / University of Washington / 2018
M.Sc., Chemistry / Simon Fraser University / 2018
Thesis: *Nuclear Isobar Separation for Penning Trap Mass Measurements at TRIUMF*
B.Sc., Physics / University of Washington / 2012

AWARDS AND HONORS

American Meteorological Society Graduate Fellowship in the History of Science / 2021
Power Prize Honorable Mention for outstanding history graduate student essay / 2021
UW History Department Digital History Fellowship / 2021
UW History Department Digital History Fellowship / 2020
UW History Department Digital History Fellowship / 2018
Rondeau Evans Fellowship / 2016-2017
Simon Fraser University Chemistry Alumni Graduate Scholarship / 2016
US Department of Energy Spring Undergraduate Laboratory Internship / 2010

PRESENTATIONS

Meetings

"Large Technical Systems: Historical and Sociological Perspectives," with Raquel Velho
Meeting Places: Conversations Within and Beyond Disciplines / Spring 2023
"Modeling Communities: Building Infrastructure for the History of Climate Science"
American Meteorological Society Annual Meeting / January 2023
"Technical Expertise and Doing History" (roundtable participant)
History of Science Society Annual Meeting (online) / November 2021
"Showing our work: the role of history in the philosophy of climate modeling"
Workshop on Integrated History and Philosophy of Climate Data / August 2021
"Leaving the Realm of Little Science" in panel *Weathering the West* (participant)
Western History Association Annual Meeting (online) / October 2020
"This Bounded World: Analogical Reasoning and Nineteenth-Century British Physics"
Columbia History of Science Group Annual Meeting / March 2018

Guest lectures

"Where do we go from here? Global challenges in the histories of computing and climate science" / University of Washington (online) / March 2021
"Controlling the Atmosphere in the Cold War"
University of Washington / May 2019

Posters

"M1 width of the 2^+_1 state in ^{22}Na and searches for tensor contributions to beta decays"
American Physical Society Division of Nuclear Physics Fall Meeting / October 2011

TEACHING EXPERIENCE

Advising

Project Shawarma, iSchool, University of Washington, Summer 2021 (online)
Led five-member team designing a database to facilitate source analysis in humanities research.
co-advisor: Greg Hay

Teaching assistant

Department of History / University of Washington
History of the Atomic Bomb (HSTCMP 215) / Fall 2022
History of Mexico (HSTLAC 282) / Spring 2021 (online)
History of the Digital Age (HSTAA 317) / Winter 2021 (online)
Race and American History (HSTAA 231) / Fall 2019
Race, Gender, and Class in Latin America and the Caribbean (HSTLAC 185) / Fall 2018
American Military History (HSTAA 212) / Spring 2018
Peoples of the United States (HSTAA 105) / Winter 2018
American Citizenship (HSTAA 110) / Fall 2017
Department of Chemistry / Simon Fraser University
Science and Society (SCI 300) / Spring 2015

Grader
Department of History / University of Washington
Science in Civilization: Science in Modern Society (HSTCMP 312) / Autumn 2021
American Military History (HSTAA 212) / Spring 2020 (online)
Nazi Germany and the Holocaust (HSTEU 234) / Winter 2020
US Political and Economic History, 1920 – Present (HSTAA 345) / Spring 2019
Nazi Germany and the Holocaust (HSTEU 234) / Winter 2019

RESEARCH EXPERIENCE

Research Assistant / Freelance
Principal Investigator: Danah Boyd
Subject: Book project on the US census
September 2022
Research Assistant / University of Washington Department of History
Principal Investigator: Margaret O'Mara
Subject: history of technology
Summer 2020
Student Hourly / University of Washington, School of Oceanography
Principal Investigators: Kyle Armour, Gerard Roe
Subject: climate modeling
Summer 2019
Research Assistant / Simon Fraser University, Department of Chemistry
Worked at TRIUMF in Vancouver, Canada
Principal Investigators: Corina Andreoiu, Jens Dilling
Subject: atomic mass spectrometry
Summer 2014 – Fall 2015
Summer 2015 – Summer 2016
Intern / TRIUMF, TRIUMF's Ion Traps for Atomic and Nuclear Science
Worked at Justus-Liebig-Universität Gießen in Gießen, Germany
Principal Investigators: Jens Dilling, Wolfgang Plaß
Subject: atomic mass spectrometry
Summer 2013 – Summer 2014
Student Hourly / Center for Experimental Nuclear Physics and Astrophysics
University of Washington
Principal Investigator: Alejandro Garcia
Subject: gamma ray spectroscopy, accelerator physics
Spring 2008 – Winter 2010
Summer 2010 – Spring 2012
Intern / Lawrence Berkeley National Laboratory, Materials Science Division
Principal Investigator: Robert Kaindl
Subject: ultrafast laser spectroscopy
Spring 2010

SERVICE

Jurist / DIY Methods Conference / 2022
Officer / UW History Department Graduate Liaison Committee / 2020–2022
Member / Graduate Climate Conference Organizing Committee / 2021

SUMMER SCHOOL AND WORKSHOP ATTENDANCE

UW Program on Climate Change Summer Institute: Pathways to Net Zero Carbon Emissions
UW Friday Harbor Labs / September 2022
NASA/CCS/KISS Summer School on Using Satellite Observations to Advance Climate Models
NASA Jet Propulsion Laboratory (online) / August 2021
HAPP Network Summer School on Scientific Instruments and Environmental Physics
St. Cross Centre for History and Philosophy of Physics / August 2018
